RE: Modification to Mine Surface Facility Plot Plan, Canyon Fuel Company, LLC, Skyline Mine, C/007/005,

Dear Ms. Grubaugh-Littig:

Please find enclosed with this letter modifications to the Skyline Mine M&RP concerning the Mine Surface Facility Plot Plan (Drawing 3.2.1-1). The only modification is to identify a temporary coal pile locations. The location of the temporary coal piles are east of the main fueling area and beneath the BC-4 conveyor, adjacent to the Mine #1 portals, and adjacent to the upper equipment storage area. The temporary storage is necessary while we are temporarily screening the longwall coal while mining through a dike. The screening should be completed within a few months. The submittal includes completed C1 and C2 forms, and eight (8) copies of Plate 3.2.1-1.

If you have any questions, please call me at (435) 448-2636.

Sincerely,

Gregg A. Galecki
